

CapAir Check-in Requirements & Timeline

Purpose: This document serves as the official guide for CapAir check-in requirements, deadlines, boarding procedures, and customer restrictions. The policy is designed to ensure a smooth travel experience while maintaining airport security and operational efficiency. The following protocols are solely for **domestic flights**.

1. Check-In Options

CapAir offers multiple ways for customers to check in for their flight.

Online Check-In

- Available beginning **24 hours before scheduled departure**.
- Closes **45 minutes before departure** for domestic flights.
 - If a customer does not check-before this deadline, they will be denied entrance
- Customers may:
 - Confirm passenger information.
 - Modify seats (if available).
 - Purchase baggage.
 - Obtain a mobile boarding pass.

Mobile App Check-In

- Available through the CapAir mobile application.
- Opens and closes on the same timeline as online check-in.
- Customers may save a digital boarding pass to their mobile device.

Airport Check-In

- Available at airport ticket counters and self-service kiosks.
- Recommended for customers:
 - Checking baggage.
 - Traveling with special items.
 - Requesting special assistance.
 - Traveling with pets.

3. Recommended Airport Arrival Times

To allow sufficient time for baggage drop, security screening, and boarding, CapAir recommends arriving at the airport at least 2 hours before departure. Additional time may be necessary during peak travel periods, holidays, or severe weather events.

4. Baggage Check-In Deadlines

Customers checking baggage must drop off their bags at least 45 minutes before departure. Baggage presented after these deadlines may not be accepted for transport.

5. Required Travel Documentation

Customers are responsible for presenting valid identification and travel documentation.

Customers aged 18 and older must provide:

- A valid government-issued photo identification.
- A valid boarding pass.

6. Boarding Procedures

Boarding typically begins approximately **30 minutes before departure**.

Customers should remain near the departure gate and monitor airport displays for updates.

Boarding Groups

Group	Passengers
Group 1	First Class and Priority Travelers
Group 2	Business and Premium Classes
Group 3	Economy
Group 4	Economy
Group 5	Economy

CapAir reserves the right to modify boarding groups based on operational needs.

7. Boarding Deadlines

All customers must be present at the gate before the boarding cutoff of 15 minutes before take-off. Customers arriving after the boarding cutoff may be denied boarding even if they have completed check-in.

8. Missed Flights and No-Show Policy

A customer is considered a no-show if they:

- Fail to check in before the applicable deadline.
- Fail to arrive at the departure gate before boarding closes.
- Miss their scheduled flight without notifying CapAir.

No-Show Consequences

- Remaining portions of the itinerary may be canceled.
- Refund eligibility will be subject to the fare rules associated with the ticket.
- Travel credits may not be provided for Basic Economy tickets.

9. Same-Day Standby

Customers may request same-day standby on an earlier or later flight operating on the same date of travel.

Standby Rules

- Subject to available space.
- Must be requested before the originally scheduled departure.
- No fee applies for standby requests.
- A seat is not guaranteed until assigned by a gate agent.

10. Special Assistance Check-In Requirements

Customers traveling with the following should arrive early and check in with a CapAir representative:

- Wheelchairs or mobility devices.

- Medical equipment.
- Unaccompanied minors.
- Service animals.
- Pets traveling in cabin.
- Oversized or special baggage items.

CapAir recommends arriving at least **30 minutes earlier than the standard airport arrival recommendation** when special assistance is required.

11. Customer Notifications

CapAir may send notifications regarding:

- Check-in availability.
- Gate changes.
- Boarding announcements.
- Flight delays.
- Flight cancellations.

Notifications may be delivered via:

- Email.
- SMS text message.
- Mobile application alerts.
