

# CapAir Upgrade Policies

**Purpose:** This document explains CapAir's upgrade policies, including cabin upgrades, CapTivate upgrade benefits, priority boarding, in-flight Wi-Fi, and food and beverage options. It helps customers understand when upgrades and enhancements may be available, how they can be selected, what costs or points may apply, and how changes, cancellations, or refunds are handled.

## 1. Upgrade Options

CapAir customers may have the option to upgrade or enhance their travel experience when available.

Upgrade and enhancement options may include:

- Cabin upgrades
- CapTivate points upgrades
- CapTivate member upgrade benefits
- Priority boarding
- In-flight Wi-Fi
- Food and beverage upgrades

Upgrade and enhancement availability may vary by route, aircraft, fare type, cabin availability, and operational needs.

## 2. Cabin Upgrades

Cabin upgrades allow customers to move from their original cabin to a higher cabin when available.

### CapAir Cabin Order

- 1. Economy
- 2. Premium
- 3. Business
- 4. First Class

### Available Cabin Upgrade Paths

- Economy to Premium
- Premium to Business
- Business to First Class

Not all flights offer every cabin type. If a higher cabin is not offered on the selected aircraft or no upgrade inventory is available, a cabin upgrade may not be offered.

Cabin upgrades are subject to availability and are not guaranteed.

A cabin upgrade changes the customer's cabin of service. The customer's original fare rules may still apply unless the customer purchases a new fare or pays an applicable fare difference.

### 3. Aircraft and Cabin Availability

Cabin upgrade availability may vary based on:

- Aircraft type
- Route
- Flight length
- Cabin layout
- Remaining cabin inventory
- Operational needs

If a flight does not offer Premium, Business, or First Class, customers will not be able to upgrade into that cabin on that flight.

Customers should review available cabin options during booking or in My Trips before requesting an upgrade.

### 4. Upgrade Eligibility by Fare Type

| Fare Type   | Cabin Upgrade Eligibility              |
|-------------|----------------------------------------|
| Economy     | Eligible to Premium when available     |
| Premium     | Eligible to Business when available    |
| Business    | Eligible to First Class when available |
| First Class | Not applicable                         |

#### Eligibility Rules

- Upgrade eligibility does not guarantee upgrade availability.
- Basic Economy tickets are not eligible for cabin upgrades.
- Cabin upgrades are available only when the selected flight offers a higher cabin.
- Customers must complete upgrade purchases or upgrade requests before applicable check-in and boarding deadlines.
- CapAir may restrict upgrade availability based on safety, aircraft configuration, or operational needs.

### 5. Purchasing a Cabin Upgrade

Customers may be able to purchase eligible cabin upgrades through:

- The booking flow
- My Trips
- Online check-in
- Mobile check-in
- CapAir customer support
- Airport counters or gate agents, when available

All upgrade pricing will be displayed before the customer confirms the purchase.

Upgrade fees apply per passenger and per flight segment.

Customers should review their trip summary before checkout to confirm that all selected upgrades are reflected correctly.

## 6. Cabin Upgrade Pricing

Cabin upgrade pricing may vary based on:

- Route
- Flight segment
- Aircraft
- Cabin type
- Flight demand
- Remaining cabin inventory
- Time of purchase

All upgrade pricing will be displayed before the customer confirms the upgrade.

### Pricing Rules

- Upgrade fees apply per passenger and per flight segment.
- Upgrade pricing may vary by flight.
- Upgrade pricing may change based on availability.
- If a customer removes an upgrade before checkout, the trip price will update.
- If an upgrade is no longer available before purchase, the customer will not be charged.
- If a customer changes flights, upgrade pricing and availability must be evaluated for the new itinerary.

## 7. CapTivate Points Upgrades

CapTivate members may be able to redeem points for eligible cabin upgrades when upgrade inventory is available.

CapTivate points upgrades may include:

- Economy to Premium – 360 points
- Premium to Business – 835 points
- Business to First Class – 480 points

Customers must have sufficient CapTivate points in their account at the time of redemption.

CapTivate points upgrades are subject to availability. If the requested upgrade is not available, the customer will remain in the originally purchased cabin.

If CapTivate points are used for an upgrade and CapAir cannot provide the confirmed upgrade, the points may be returned to the customer's CapTivate account.

## 8. CapTivate Member Upgrade Benefits

Certain CapTivate members may receive cabin upgrade benefits based on their membership tier or selected benefits.

CapTivate member upgrade benefits may include:

- Domestic cabin upgrades at the time of booking
- Complimentary domestic upgrades on eligible full-fare tickets
- CapTivate points upgrades
- Other upgrade benefits tied to the customer's CapTivate membership

CapTivate upgrade benefits are subject to availability and may vary by tier, benefit selection, fare type, and route.

If a CapTivate upgrade benefit is not available for a selected flight, the customer will remain in the originally purchased cabin.

## 9. Priority Boarding

Priority boarding may be available as:

- A purchased travel enhancement
- A cabin benefit

Priority boarding allows eligible customers to board earlier than standard boarding groups.

### Priority Boarding Rules

- Priority boarding does not change the customer's cabin.
- Priority boarding does not guarantee overhead bin space.
- Priority boarding applies only to the itinerary for which it was purchased or awarded.
- If a customer misses boarding or arrives after the boarding cutoff, the priority boarding benefit may be forfeited.

## 10. In-Flight Wi-Fi

In-flight Wi-Fi may be available for purchase on select flights.

Wi-Fi availability may vary based on:

- Aircraft
- Route
- Flight conditions

- Network availability
- Operational needs

### Wi-Fi Rules

- Wi-Fi availability is not guaranteed on every flight.
- Connection quality and speed may vary during the flight.
- Customers should confirm Wi-Fi availability before purchase whenever possible.
- If CapAir cannot provide purchased Wi-Fi service, customers may be eligible for a refund or credit.
- Wi-Fi purchases are generally non-refundable once the service has been activated by the customer.

## 11. Food and Beverage Upgrades

Food and beverage options may be available for purchase or included based on cabin or routes.

Food and beverage enhancements may include:

- Snacks
- Meals
- Premium meal options
- Non-alcoholic beverages
- Alcoholic beverages where legally permitted

### Food and Beverage Rules

- Food and beverage availability may vary by flight, route, cabin, and aircraft.
- Certain items may not be available on all flights.
- Customers must meet all legal age requirements for alcoholic beverage service.
- If a customer prepurchases a food or beverage item and CapAir cannot provide it, the customer may be eligible for a refund or credit.
- Food and beverage purchases are generally non-refundable once delivered.
- CapAir may substitute menu items based on availability and operational needs.

## 12. Cabin-Included Benefits

Certain benefits may be included with higher cabins.

| Cabin    | Possible Included Benefits                                       |
|----------|------------------------------------------------------------------|
| Economy  | Standard travel experience                                       |
| Premium  | Enhanced cabin experience and additional benefits when available |
| Business | Enhanced service and travel benefits when available              |

| Cabin       | Possible Included Benefits                                         |
|-------------|--------------------------------------------------------------------|
| First Class | Highest available cabin experience and applicable premium benefits |

### Cabin Benefit Rules

- Included benefits may vary by route, aircraft, and cabin configuration.
- Not all flights offer every cabin or every benefit.
- Cabin benefits are tied to the purchased or upgraded cabin.
- Cabin benefits may not transfer automatically if a customer changes flights.

## 13. When Upgrades and Enhancements May Be Available

| Travel Stage              | Availability                                                                 |
|---------------------------|------------------------------------------------------------------------------|
| During booking            | Customers may view available cabin upgrades and enhancements before checkout |
| My Trips                  | Customers may review available options after booking                         |
| Online or mobile check-in | Customers may view available same-day options when offered                   |
| Airport counter or gate   | Same-day upgrade options may be available before boarding closes             |
| Customer support          | Representatives may assist with eligible upgrade requests                    |

Availability may change before departure.

## 14. Upgrade and Enhancement Confirmation

An upgrade or enhancement is confirmed only after CapAir confirms the product or service.

Customers should review their trip summary, boarding pass, and purchase confirmations after any upgrade or enhancement is added.

If an upgrade or enhancement is requested but not confirmed, the customer will retain the original product, service, or cabin purchased.

Customers who do not complete required check-in or boarding procedures may lose access to purchased upgrades or enhancements.

## 15. Changes to a Reservation with Upgrades or Enhancements

If a customer changes a flight after purchasing or redeeming an upgrade or enhancement, availability must be reviewed for the new itinerary.

If the same upgrade or enhancement is available on the new flight:

- It may be applied to the new itinerary.
- Additional charges or point differences may apply.

If the same upgrade or enhancement is not available:

- The customer may travel with the services available on the new itinerary.
- The customer may be eligible for a refund, travel credit, or point reinstatement depending on the circumstances.

## 16. Refund Eligibility

### Eligible for Refund

Paid upgrades or enhancements may be eligible for a refund when:

- The reservation is canceled within the 24-hour risk-free cancellation period.
- CapAir cancels the flight.
- CapAir significantly changes the schedule and the purchased upgrade or enhancement cannot be provided.
- An aircraft change prevents CapAir from providing the purchased cabin, product, or service.
- A prepaid Wi-Fi or food and beverage item cannot be provided by CapAir.

### Eligible for Point Reinstatement

CapTivate points used for an upgrade or eligible enhancement may be returned to the customer's account when CapAir cannot provide the confirmed product or service.

### Not Eligible for Refund

Paid upgrades or enhancements are generally not refundable when:

- The customer voluntarily chooses not to use the product.
- The customer misses the flight.
- The customer does not complete required check-in or boarding procedures.
- The customer is considered a no-show.
- The customer changes to a flight where the same upgrade or enhancement is unavailable and not eligible for transfer.

# 17. Restrictions

- Cabin upgrades are subject to availability.
- Travel enhancements are subject to availability.
- Not all flights offer all cabins, products, or services.
- Availability may vary by route, aircraft, fare type, and operational needs.
- CapAir may change or remove an upgrade or enhancement if required for safety, accessibility, aircraft changes, or operational needs.
- Upgrade and enhancement purchases are not transferable to another traveler unless specifically approved by CapAir.
- CapTivate upgrade benefits may be limited by tier, benefit selection, fare type, and availability.
- Customers must satisfy all check-in, documentation, and boarding requirements to use confirmed upgrades or enhancements.

# 18. Customer Notifications

CapAir may notify customers regarding:

- Upgrade availability
- Enhancement availability
- Upgrade confirmation
- Cabin assignment updates
- Wi-Fi availability
- Food and beverage availability
- Refund eligibility
- Point reinstatement
- Aircraft or schedule changes affecting purchased upgrades or enhancements

Notifications may be delivered through:

- Email
- SMS text message
- Mobile application alerts

# 19. Upgrade and Enhancement Policy Summary

| Topic          | Policy                                                           |
|----------------|------------------------------------------------------------------|
| Cabin order    | Economy, Premium, Business, First Class                          |
| Cabin upgrades | Economy to Premium, Premium to Business, Business to First Class |

| Topic                      | Policy                                                                  |
|----------------------------|-------------------------------------------------------------------------|
| Seat upgrades              | Not offered as part of this policy                                      |
| Basic Economy              | Not eligible for cabin upgrades                                         |
| CapTivate points upgrades  | Available to eligible members when inventory exists                     |
| CapTivate member upgrades  | Available based on tier, benefit selection, fare type, and availability |
| Priority boarding          | May be purchased or included as a cabin or membership benefit           |
| In-flight Wi-Fi            | May be purchased or included as a cabin or membership benefit           |
| Food and beverage upgrades | May be purchased or included as a cabin or membership benefit           |
| Pricing                    | Displayed before purchase and charged when applicable                   |
| Refunds                    | Available in limited circumstances                                      |
| Availability               | Not guaranteed                                                          |
